Many residents woke Sunday Morning to find Ziploc bags with Ku Klux Klan recruitment fliers in their driveways.

Residents in Tingen Point subdivision in Broadway noticed these Ziploc bags in their driveways late Saturday night and this morning. The bags had a flyer with a message from the Ku Klux Klan that listed a number of things along with a web address and telephone number with a Greensboro NC area code. Residents contacted the Harnett County Sheriff's office and deputies came out and investigated the situation. One resident said "I am just saddened by the hate that some people have in their hearts."

This summer there have been several reports of this same flyer being distributed in other states including Tennessee, Florida, Virginia, and Alabama.
